_____ Plat Review Process application submitted to the Clay County Recorder – please refer to:
<http://www.claycountymn.gov/DocumentCenter/View/941>

IMPORTANT INFORMATION:

- * The Owner must provide the state and/or county with all required review materials and is responsible for obtaining all required permits for the state and/or county.
- * Any unplatted public property within and/or contiguous to the proposed plat must be included as a lot/block (i.e. drains, right-of-way, parkland, etc.).
- * See Title 11 Chapter 5 of the Moorhead City Code for Subdivision Design Standards including parkland dedication requirements. The City will elect, at its sole discretion, whether to receive dedicated parkland and/or payment in lieu of parkland.
- * Calculations regarding stormwater ponds and park dedication must be finalized prior to preliminary plat approval.

Criteria for Consideration – Subdivision

According to Section 11-3-4 of Title 11: Subdivisions of the Moorhead City Code, the Planning Commission or the Council should consider the following topics in its review of subdivision proposals. Please provide any information you would like the Commission and Council to know regarding your subdivision.

1. How does the proposed subdivision relate to adopted applicable general and specific comprehensive plans of the City, County, and Township?
2. Are physical characteristics of this site, including, but not limited to, topography, percolation rate, soil conditions, susceptibility to erosion and siltation, susceptibility to flooding, water storage, drainage and retention, suitable for the type of development, design or use contemplated?
3. Is the site physically suitable for the proposed density of development?
4. Is the design of the subdivision or the proposed improvements sensitive to the environmental or is it likely to cause damage?
5. Is the design of the subdivision or the type of improvements likely to promote or damage public health?
6. Does the design of the subdivision or the type of improvements respect easements of record and easements established by judgment of a court?
7. If the proposed subdivision is outside the boundaries of the City:
 - a. Has the County, Township or developer certified in writing that they will assume all responsibility for repair and maintenance of dedicated streets until annexed to the City?
 - b. Has the Township or County certified in writing that it has the capacity for and will provide police and fire protection and on-site sewer system inspections to ensure property installation?
8. Does the proposed subdivision, its site, or its design adversely affect the flood-carrying capacity of the floodway, increase flood stages and velocities, or increase flood hazards within the floodway fringe or within other areas of the City?
9. MEQB Policies: Is the proposed subdivision consistent with the policies of the Minnesota Environmental Quality Board (MEQB)? Could it (in violation of Federal and State historical preservation laws) adversely impact critical environmental areas or potentially disrupt or destroy historic areas which are designated or officially recognized by the City Council?

* This Application is for Preliminary Plat Approval ONLY. A separate application must be submitted for Final Plat Approval.
